

Multi tube cable

DBT 12 x 10/6 mm orange

Article number: 500212

Date: 20-09-2019

Multi tube cables are an assembly of micro or mini tubes. The ACE multi tube cable portfolio covers a complete range of assemblies with a large variety of tube numbers and tube diameters, suitable for both indoor and outdoor applications.

Product characteristics

Optical element	Multi tube cable
Material	HDPE
Metal-free	Yes
Colour outer sheath	Orange
Number of pipes	12
Outer diameter multi tube cable	43 mm
Sheath thickness	0.6 mm
Obsolete	Nee
Number of tubes	12
Tubes type	Tube DB (thick wall)
Tubes diameter	10/6
Tubes colour options	Translucent with longitudinal stripes
Tubes inner surface	Ribbed inner surface
Tubes colour	Refer to drawing
Halogen free	Yes
Weight (kg)	0.660

Application

Application	Outside
-------------	---------

Mechanical specification

Suitable for	Direct burial
Bending radius after installation	860 mm
Impact strength	5 J
Tensile load	7000 N
Suitbale for internal pressure	16 bar

Environmental specification

Operating temperature, flexible	-10/50 °C
Operating temperature, fixed	-40/60 °C
Transportation and storage temperature	-40/60 °C

Other specification

Marking	ACE - TKF - MC - DB - DRT - 12 x 10x2.0 mm - 500212 {Batch} {Year} {Length} M
---------	--

Logistical specifications

Unit	meter
Default packaging	H X 750/25
Length on drum	750 m
